PRIMITIVE LETTER POST.

The Earliest Postal Service Dates Back to Babylonia.

No postal service has been traced earlier than that which was in operation during the reign of Khammurabi, the Amraphel of Genesis, who was king of Babylonia about 2300 B. C. A number of the missives, each inclosed in its clay envelope, which passed through this earliest postoffice are preserved in the Babylonian room of the British museum, and their contents indicate that even at that period letters were freely circulated throughout the empire by a public postal service under governmental control.

Sir Brian Tuke was appointed postmaster in England at the beginning of the sixteenth century, and in 1556 the lords of the council ordered "that the postes betweene this and the Northe should eche of them keepe a booke and make entrye of every lettre that he shall receive, the tyme of the deliverie thereof unto his hands, with the parties' names that shall bring it unto him."

The first post for the conveyance of private letters to all parts of England and Scotland was started in 1635, when the "letter office" was established, but it was not till 1837 that the foundation of the present system was laid.

D. E. O'KEEFE.....EDITOR AND PROPRIETOR

AN ERA OF PROSPEITY.

EDITOR TIMES-GAZETTE—As the political campaign has opened I believe it to be the duty of all citizens to study the methods and review intelligently the principles and policies of the parties who seek their suffrage. Though it is a foregone conclusion that the Republican party will elect its candidates for President and Vice President, still knowing the gullibility and credulity of the people and how they can be swayed by the sophistry of flippant oratory, we should all be on the alert and combat as best as we can the doctrines of the opposition. A partial success of these doctrines at the polls next November may result in so constituting the next Congress as to hasten us towards the ruin and paupersism which was our lot during the last Democratic administration,

Fifty years ago the Republican party received its baptismal name from Horace Greely and its record since then for true patriotism and sterling worth is unassailable. It made a good beginning. Its first candidate for the Presidency was a man who in early life drove a team of oxen and split rails. He was elected at a time when this country was its sorest need and the name of Abraham Lincoln has become freedom's watchword, the synonym of all that is true and noble; his fame as enduring as time and as immovable as the sun in the heavens.

The Republican party had to cope with and finally brought to a successful and satisfactory end the greatest war recorded in all history.

But it is with the work of that party during the last eight years that we are now most concerned.

Since William McKinley became President of the United States our marvelous advance in property and wealth has astonished mankind. We now lead in manufactures, exports, and money. England, that for centuries was at the head of all nations, is left behind. We export more to British colonies than the mother country does, while there is no nation in the world able to buy that is not our market. Senator Depew very aptly said a few weeks ago: "An American can start and go around the world without leaving his country. He can cross the Pacific to Yokohama in a Northern Pacific steamer. He rides through Japan on American electrical appliances. He goes 6000 miles across the Siberian Railway on American cars drawn by American locomotives. In Spain alongside their orange groves he finds California oranges. In France he he drinks wine labeled French which came from San Francisco. He crosses the Nile upon a bridge made in Pittsburg. In an English hotel he goes to his room in an elevator made in New York. His feet are on carpets made in Yonkers. On the banks of the Ganges he reads his cables by an electricrl light run by an American an made in America. He goes under old London in a tunnel dug and run by American machinery and American genius, and then goes to Newcastle and finds that problem which has been unsolvable, American coals have been carried to Newcastle" Let us closely look at facts which are said to be stubborn things. American is the greatest manufacturing country in the world. One-third of all the world's products that come from the factory are made by American skill and labor. Our products every year are greater than the combined products of Great Britain, of Germany, and of France, 97 per cent of this great product which is one-third of the world's product finds a market among ourselves in the United States. Our own people buy this best product, because, having employment they are able to buy. Last year we sold to foreign countries of our manufactured product which constitute 20 per cent of our total exports, $400,000,000 worth! and our total exports make us the greatest exporting nation on earth. Remember all was made by labor which works less hours than labor in any other country—made by labor that receives twice as much payment as any labor in the world. Let us glance at other departments, the postoffice for instance. When the people are employed they can afford to patronize it, consequently its revenues increase. Our postal revenues increased from $76,000,000 in 1896 to $104,000,000 in 1904. Under the lead of McKinley followed by Roosevelt there was established free rural delivery at a cost of $10,000,000. The last Democratic Postmaster General pronounced free rural delivery to be impracticable. No doubt it was so for him, as there was no money in the treasury for that or any other purpose. But there are other things than national prosperity to add glory and prestige to the Republican party. Monroe's lofty idea of making the United States the guardian of liberty on this continent was enlarged and extended by McKinley with the result that the long suffering and ever faithful isle of Cuba became an independent nation. Hawaii, Porto Rico, and the Philippines, are added to the national domain. Nobly and well did Roosevelt carry out the work of his illustrious predecessor, and the Star Spangled Banner, the herald of education and progress, will at no very distant time wave over peoples redeemed, disenthralled, regenerated.

After words about the wealth of the United States, which wealth be it distinctly borne in mind, is the outcome of the Republican policy of protection. In 1860 the wealth of the country was sixteen billion dollars; it is now over one hundred billion dollars; Great Britain has an aggregate wealth of sixty million dollars, and she has been hundreds of years gathering it. In one generation we sprung from sixteen to one hundred billions. The world's wealth of four hundred billions of dollars of these the United States has one fourth of it. A protective tariff is the philospher's stone. The Republican party succeeded when the alchymists failed. The Republican party has been repeatedly held responsible for the existence of unlawful corporations known as trusts, yet the only check put on these institutions has been the work of Republicans. Senator Sherman was the author of an anti-trust law which was put on the statute books by a Republican Congress and President Roosevelt took steps to curb these monopolies. Mr. Cleveland had a majority of both houses of Congress with him during his second administration, yet there was no action taken in the matter. To abolish the trusts would deprive the Democrats of their most effective battle cry. I will have something say about this trust business when the crazy quilt platform of Democracy prescribes for it. A canal joining the two great oceans which has so long been the hope of practical business men and far seeing statesmen has now become an assured fact.

President Roosevelt with that tact and energy so characteristic of him seized upon the opportunity when offered. He was sustained by the Senate and Uncle Sam will build and own the great waterway, notwithstanding the filibustering and windy opposition of Democratic Senators. Thanks to a protective tariff it can be built. The forty million dollars paid the French Company, the ten million dollars paid the Republic of Panama, and the four million dollars advanced to the St. Louis Louisiana Purchase Exposition made no serious inroads on the treasury of the United States. Protection to American labor enables us to to develop our vast resources, places us at the head of the nations, gives us food and raiment, and should be the doctrine cherished and promulgated by all men whose natures have not been dwarfed, and who have not been conceived and raised in vassalage. With a platform, the principal plank of which is a protective tariff, a platform, devoid of all isms or Bedlamite raving, such as are tacked to the tail of the party of free trade, or tariff for revenue only, the Republicans again appeal to the people for approval and support. Their standard bearer is a young man of whom any nation might be proud. He is young in years and old in experience. He has been prominent in many walks of life, always on the side of right and justice. As a scholar, patriot, soldier, and statesman, the name of Theodore Roosevelt ring throughout all the ages. It is to be presumed that a majority of the people will not stray from the path that leads to national prominence and their well-being. They have in their hands that which is more powerful than any weapon of warfare, a simple and plain contrivance, the ballot. Use it judiciously and intelligently. Use it with an earnestness and a knowledge born of true patriotism. And you will make of this Republic the most orderly, most prosperous, and mightiest nation that ever came forth from the womb of Time. THOMAS D. BROUGHAM.

Among those who received diplomas as trained nurses from the City and County Hospital in San Francisco Monday night was Miss Irene Doyle, formerly of Redwood. Miss Doyle has taken a three years' course at the hospital and is now able to cope with any case.

E. B. Fox will shortly commence the erection of a neat cottage adjoining his home. In order to make room for the building he will move the house now occupied by A. B. Way to the side of the present yard and will also move his other cottage, the Brandrup house, about ten feet from where it now stands.

John Sroufe, the well known wholesale liquor merchant of San Francisco, who died last Friday, was an uncle of Mrs. Eckman, a guest of the Capitol Hotel for the past five years. The funeral took place on Monday and among the pallbearers were Alexander Gordon and John Bacon of this city. Deceased left an estate valued at half a million.

Contractor H. C. Mosher has had his oil wagon at work on Bridge street this week, treating that thoroughfare to a good coating of oil. Mr. Mosher oiled the street last winter, but the heavy rain which came at the time spoiled all the effects of the work. He hopes to demonstrate to the people that the oil will make a fine hard way of Bridge street.

F. A. Miller, who was arrested in San Francisco last week by Constable Cronk for defrauding an inn-keeper, was found guilty by a jury in Judge Hannon's court Thursday and was sentenced to serve ninety days in the county jail. Before the departure of the guests refreshments were served.

Mrs. F. C. Bomberg received the sad news Thursday that her brother, Lewis Sibley, had been killed by a cavein in the Libbey & Maxwell mine near Oroville, on Wednesday. Deceased attempted to move a large rock near the bottom of a bank with a crowbar when the gravel caved upon him and he died a few hours later, after suffering great pain. He was a native of Holland Flat, Sierra county, and aged 41 years.

C. D. Hayward is spending a few days' vacation on the coast side this week. He is supremely happy in the fact that at the meeting of the Board of Equalization held Monday there was not a single application for a reduction of his assessments, nor neither did the Board attempt to raise his figures. There appeared to be no grievance on the part of taxpayers. All seemed satisfied with Mr. Hayward's judgment in assessing the property of the county. This is the first time in many years that there was not some taxpayer present to register a kick.

Mrs. James Curran and her three daughters, Helen, Evelyn and Alice, and Mrs. G. Einstein and her two daughters, Pauline and Florence have gone into summer quarters at Camp Curstein, at the summit on the bear gulch road. They are joined on Saturdays by Mr. Curran and Mr. Einstein, who throw off on their visits the cares of the world and become hunters, fishers and gardeners. The ladies have plenty of water from a neighboring spring and have started one of the finest vegetable gardens in the county. While eating their meals the party can look either at Redwood or Palo Alto or at Lobitos and the Pacific ocean.

The home of Joseph L. Moore of Mayfield was visited again this week by the heavy hand of death. During the past two years Mr. Moore had lost a son and daughter and on Tuesday his wife, Mrs. Emma L. Moore, passed away at a San Jose sanitarium after a short illness. The deceased had lived in this county at Pescadero for many years, and was respected and admired by all who knew her. Funeral services were held at Mayfield Wednesday, and the body was taken to Pescadero for interment. Besides her husband the deceased leaves several children to mourn her death. She was a native of Vermont, aged 46 years.

SHOCKING DEATH.

Henry P. Hull of San Mateo Victim of Fatal Accident.

Henry P. Hull of San Mateo met with a shocking death yesterday morning. On the arrival of the 10 o'clock freight train from San Francisco he began to assist the train crew to switch the cars on the side-track. He was standing on the edge of a car when the train started up suddenly and he was thrown headlong beneath the wheels, one car passing over his prostrate form. His head was badly crushed and his right arm nearly severed from the body. The young man died almost instantly. He was soon removed to his home.

Mr. Hull had been a baggageman at San Mateo for many years and was held in high esteem by the Railroad Company. He was a young man of exemplary character, industrious and much attached to his family and home. He was a native of this county and well known in this locality, having grown to manhood at San Carlos, where his parents live. Some years ago he married Miss Coleman, a sister of Supervisor Coleman, and beside his wife two interesting and pretty children, his father and mother, two brothers and a sister remain to mourn him. No arrangements have yet been made for the funeral. His sudden death is a severe shock to his family and friends.

Died of Appoplexy.

Edward Clifford, one of the pioneer residents of Redwood City, died at his home here Thursday morning of appoplexy. The exact time of his death is not known as Mrs. Clifford was visiting her daughter, Mrs. John Tribolet, at the time. Mr. Clifford had evidently just entered his home when the fatal stroke came and he was found in the hallway. The deceased came to Redwood many years ago and has worked almost continuously since as a section man on the Southern Pacific Railroad. He was a native of Ireland, aged 64 years and leaves a wife, two daughters and three sons. The funeral will take place from the family residence to-morrow (Sunday) at 11:30, thence to Cypress Lawn cemetery by the 12:03 train, where the interment will take place.

Death of Old Resident.

Lawrence O'Neil, and old and respected resident of Woodside, passed to his final rest on Thursday after a brief illness. Deceased was an uncle of the Byrne brothers with whom he lived. He was a native of Ireland aged 76 years. He was a devoted Christian, faithful friend and a good citizen. The funeral will take place from the residence of William and John Byrne this morning at 8:45 o'clock thence to the Catholic Church, Redwood City, where a solemn requeim Mass will be celebrated at 10 o'clock. Interment will be in Holy Cross Cemetery, Menlo Park.

Death of Former Resident.

Mrs. James H. Warren, who died in San Francisco Wednesday, was a former resident of this county and lived at San Mateo. During the early days of the county her husband was the Congregational missionary and was one of the founders of the local Congregational church. Mrs. Warren leaves a husband, three daughters and one son to mourn her death.

Republican County Committee.

The Republican County Committee will hold a meeting in this city on Saturday, July 30th, at 2 o'clock p. m., to transact important business. The members of the committee are W. B. Lawrence, president; John MacBain, secretary; Frank Campbell, C. T. Connelly and Henry Dearborn.

COUNTY BOARD IN SESSION

Official Business Transacted by the Supervisors at Monday's Meeting.

County Game Law Not Amended. More New Bridges and Culverts.

The Supervisors met as a Board of Equalization last Monday at 10 o'clock. There being no applications for reduction of assessments an adjournment was taken until the afternoon. The members then met as a Board of Supervisors.

Attorney H. W. Brown requested the Board to defer action on the ordinance regulating and restricting the location of cemeteries near the vicinity of Colma. On motion of McEvoy, seconded by Eikerenkotter, the request of Mr. Brown was granted and action on the ordinance will be taken on August 1st.

Mr. Viohl, who wants a street opened through the new Masonic cemetery, asked that this matter go over for one month, as his attorney is away on a vacation. The request was granted. The matter will be taken up on August 15th.

It is said Mr. Viohl is one of the owners of property immediately adjoining the new cemetery and when an attempt was made by the promoters to purchase his land he sent the price toward the moon. He now wants a street opened which will cut the cemetery in two.

Further hearing on the report of the viewers of the Pescadero and Boulder Creek road was continued to August 15.

The petition of H. M. Jewell and others, to close certain streets at Belmont, was also continued to August 15.

The matter of amending the County game laws to comply with the State game laws, in that deer could be killed from July 15th to October 31st, came up for discussion. G. W. Payne, the State Game and Fish Commissioner, addressed the Board, making a strong appeal to have the present law stand. He said the season as at present authorized is ample, and any extension would result in opening the county to outside sportsmen, who, combined with the local hunters, would within a few years exterminate the game supply.

As three deer were the limit allowed by law to be killed in one season he was certain that two months was long enough in which to kill that number. By a strong argument he plainly demonstrated how the deer in the county would shortly be exterminated if the present law was repealed. When once the supply was reduced it would only be a very short time when deer in this county would be a thing of the past. Mr. Payne closed his address with an eloquent appeal to the Board to preserve the game of the county for future generations.

McCracken stated he had spoken to many signers to the petition he had presented some weeks ago and they had a change of sentiment in the matter. They were satisfied with the law as it now stood.

McEvoy said it would be injurious to extend the season ahd believed that if it were even shortened to six weeks it would be more satisfactory.

On motion of McEvoy seconded by Eikerenkotter, the former action of the Board in granting the prayer of petitioners was reconsidered and on motion of McCracken seconded by McEvoy, the prayer of the petitioners asking for the repeal was was denied. The law now remains unchanged and the open season for killing deer begins August 1 and ends October 1.

Afternoon Session.

The Board met at 1:30 o'clock pursuant to adjournment during the morning session.

The claim of W. V. Francis for $7.75, buggy hire, expenses and services rendered the health officer in investigating a glander case at Halfmoon Bay, was on motion of Debenetetti, seconded by McEvoy, rejected.

The claim of James Cronk for $2 for summoning a coroner's jury was on motion of McEvoy, seconded by McCracken, referred to the District Attorney to report at next meeting.

Chairman Coleman asked permission of the Board to instruct the County Surveyor to prepare plans and specifications for a concrete bridge at the Homestead in his district. On motion of McEvoy, seconded by Debenedetti, the request was granted.

Debenedetti also asked permission to have the County Surveyor prepare plans and specifications for a concrete culvert to be put in at the Hovious bridge in the Fourth township. On motion of McEvoy, seconded by McCracken, the request was granted.

McEvoy also requested that he be permitted to authorize the Surveyor to prepare plans and specifications for a concrete bridge near Dalve's at Woodside. The request was granted on motion of Debenedetti seconded by McCracken.

At the request and on motion of Eikerenkotter, seconded by McEvoy, Mrs. Mary Brooks of the First township was restored to the indigent list of the county, her name to be placed on the list August 1st.

No further business appearing the Board adjourned to Monday, August 1, at 10 o'clock a. m.

Board of Equalization.

The members then reconvened as a Board of Equalization.

The minutes of the previous meeting were read and approved. The affidavit of D. E. O'Keefe was read, showing that due and legal notice had been given to all tax-payers that the Board would meet on July 11 and 18 to equalize assessments.

The Clerk reported that no applications had been filed for a reduction of assessments, whereupon the Board adjourned sine die on motion of McEvoy, seconded by Eikerenkotter.

IN THE LINE OF PROGRESS.

Redwood City to Have Its Streets Repaired.

The citizens mass meeting Thursday night in the town hall was fairly well attended. Geo. H. Rice was elected chairman and James V. Swift, secretary. H. W. Walker informed the gathering that the object of the meeting was to discuss ways and means for the improvements which Redwood City has needed for the past twenty years. Mr. Walker's remarks were well chosen and showed that he had given the subject much thought. P. P. Chamberlain, H. Mourot, L. P. Behrens, and Judge Hannon, then advanced opinions and argued in favor of improving the town.

It could be easily seen that there was a unanimous consensus of opinion that the whole town should be improved, and to that end a $100,000 bond issue election will be called within a short time to get the permission of the citizens to issue bonds for the necessary amount to make all of the improvements in a creditable manner. The contemplated work will not be for any special district or part, but will be for the benefit of the whole town. All of the streets will be regraded and repaired, new water mains will be put in, the recently added portions of Redwood will be sewered, and perhaps, that old eyesore of a town hall may be removed to make way for such a one as Redwood City should have.

It was shown that a bond issue would be the best way of raising the available funds and the following report which was presented will show how the taxpayers will be affected: Assessed valuation of Redwood City, $1,059,615. To create a bond issue of $100,000 to run thirty years at 4½ per cent would cost the tax-payers as follows:

One bond each year	$3333.00
First year's interest	4250.00
	$7583.00

A rate of 71½ cents on each $100 assessed valuation would pay the same, and as the interest becomes less each year by one-thirtieth being paid it would make the average for the thirty years 41 4-10 cents on each $100, or $4.14 on each $1000 assessed valuation.

If above bonds are issued to run 40 years they would cost the tax-payers as follows:

One bond each year	$2500.00
First year's interest	4250.00
	$6750.00

A rate of 63 7-10 cents on each $100 assessed valuation would meet the above and the average for 40 years would be 41 1-10 cents on each $00, or $4.11 on each $1000 assessed valuation.

Every man in Redwood City should vote to bhnd the town. It is time the people should get out of their silurian dream of contentment and do something for themselves and posterity.

Deer Meat in Their Possession.

E. J. Crane, Joseph Cull, and Frank Towne, together with four otliers from Palo Alto and Mayfield, composed a party that went deer hunting in Santa Clara county when the season opened there on July 15th. At Steven's creek three bucks were killed. The party returned last Sunday and Cull, Crane, and Towne, are accused of having brought one of the deer into this county. Wednesday Game Warden Littlejohn swore out warrants for their arrest for having deer in their possession, thus violating the law. Each deposited with Judge Hannon a cash bail of $25. The three gentlemen will appear before Judge Hannon in a short time when the case will in all probability be dismissed.

Will Move to Petaluma.

Prof. A. B. Way with his wife and mother will leave next week for Petaluma where he will make his future home. Mr. Way has been a resident of Redwood City for the past four years, during which time he has had charge of the commercial department of Sequoia high school. Mr. Way has made many friends here who regret to see him leave town. He has been very active in church and literary circles. At Petaluma he will have charge of the commercial department at the high school.

Chaffeurs in Trouble.

Harold Lazerles and Charles Sobner, the two chaffeurs who collided with Clarence Hill's surry on July 7th, were arrested by Detective Bell in San Francisco on Wednesday and were released on giving bail. They have retained an attorney, Otto tum Suden of San Francisco, to defend them. He was here Thursday looking into the case for his clients.

ALL AROUND THE COUNTY

Events of the Week as Recorded by a Corps of Special Correspondents.

Walter Knight Says Roosevelt Will Be Elected as Sure as the Sun Rises.

WOODSIDE, July 22.—It would be wise if some of the authorities who have the power of regulating the speed of automobiles would take a trip to Woodside some morning or evening. The manner in which these machines are run is simply fierce and no doubt there will be a serious accident before they are made to travel at a safe rate.

The dance last Saturday evening was a great success in every particular, the only kick being that the hall is too small. Woodside is enjoying great prosperity now and the directors of the hall should take some kind of steps in order to accommodate the constantly growing crowds that attend the Woodside dances.

Mrs. Ann Peterson of San Francisco is making an extended visit to her friend Mrs. Thos. Shine.

Mrs. Mary Fox of San Francisco is on a brief sojourn with friends and relatives of this place.

N. Hansen and wife and Mrs. Thos. Shine, accompanied by the Misses Laura Shine and May Walker, spent a couple of days with the League of the Cross cadets.

Miss Mamie Meyer of Cordelia is the guest of her cousin, Miss Edith Bottger.

George Greeley has returned home much improved in health but still very weak from the effects of his delicate operation.

C. H. McIntosh and family have returned from their summer outing at Santa Barbara.

Col. Preston and family are down from San Francisco for a week or so and are enjoying their handsome home here. The Preston home is certainly one of the most picturesque and beautiful in the country.

Mrs. A. E. Stevens has just completed a five-room cottage which is strictly up to date with modern appliances. It is a pretty residence and one that would be coveted by any one. Such cottages are in big demand at Woodside and could be rented at a large figure.

Walter Knight, one of our substantial citizens, is a staunch supporter of Theodore Roosevelt and declares he will be elected by the largest majority of any president ever voted for.

SAN GREGORIO SNAPSHOTS.

SAN GREGORIO, July 22.—Miss Edith Earle and Mrs. Philips left for their home in San Francisco after a month's visit with the latter's uncle, Mr. Jesse Palmer.

Mrs. Gionola and children visited at the home of Mrs. T. E. Roe for a few days last week.

Mrs. Emilio Montevaldo went to San Francisco last week on business.

A fire, the cause of which was unknown, broke out on Mr. Brotherton's ranch Wednesday, but before it had time to do much damage it was put out.

Mr. and Mrs. Glennan are visiting at the hotel.

Mr. LeWarne has been catching lots of fish.

Mrs. Claude Packard and children left for their home in San Francisco after a long visit with Mr. and Mrs. Packard.

TAKE HEED IN TIME.

Get Registered Before September 28 if You Wish to Vote.

All aliens desiring to vote at the approaching election in November should become naturalized on or before August 10th, for after that date if they become citizens they cannot vote at the fall election. In this connection it might be well to call the attention of voters to the fact that registration closes September 28th. See to it that your name is on the register. Many electors are very lax in this matter and keep putting off this important duty until it becomes too late. At every election a large number of voters are disfranchised by neglecting to register in time. Ample means is provided every one by County Clerk H. W. Schaberg, who has appointed deputies in all sections of the county. At the request of some leading Democrats of the county he has appointed several Democrats to act with his list of Republican deputies. If any one fails to register in time it will be their own fault, as ample convenience is within reach of all.

The following is a complete list of Mr. Schaberg's deputies:

Colma—C. J. Adams, B. S. Greene, M. Whelan.
Baden—E. E. Cunningham, C. L. Kaufman, J. L. Debenedetti.
Millbrae—J. C. Robb, Jas. R. Murphy.
First Township—R. J. Carroll.
San Mateo—J. P. Weiller, R. H. Jury, J. H. Hatch.
Belmont—W. A. Emmett, E. O'Neill.
Menlo Park—Jas. G. Mason, George E. Meeking, J. H. O'Keefe.
Woodside—Henry Walker, at Tripp's store.
La Honda—C. A. Cavalli.
Pescadero—J. C. Williamson, E. Leighton.
San Gregorio—Frank Bell.
Purissima—C. P. Mosconi.
Halfmoon Bay—Thos. L. Johnson, John Pitcher, Joseph M. Francis.

A New Land Company.

The Golden Gate Land Association filed letters of incorporation in the Recorder's office this week. The company has a capital stock of 25,000 shares at $1.00 each. The following persons have subscribed for 25 shares each and they will constitute the board of directors for the first year: C. E. Dugan, H. F. Butts, H. W. Taverner, J. V. Swift and L. B. Thomas. The company will deal in real estate, and the principal place of business will be in Redwood City.

Belmont School Election.

The trustees of the Belmont school have called an election to be held on August 13th to vote a special tax of $1500 for additional school facilities. The polls will be open in the schoolhouse from 2 o'clock to 6 p. m. It is necessary to raise the money to be expended in repairing the school building. All taxpayers should see to it that the election carries.

Card of Thanks.

Mr. and Mrs. M. Redmond of Belmont desire to thank all the kind friends and neighbors for the assistance rendered them at the death of their young son and for the many expressions of sympathy offered in their sad bereavement.

CITY COUNCIL MEETING.

Property Owners Must Not Delay Making Sewer Connection.

A movement was made at the meeting of the City Council Monday night to secure a quarry of suitable rock for street work. A deposit on the ranch of N. J. Brittan which had been under consideration for several weeks was deemed the most desirable and it was decided to at once close negotiations with the owner. Experts have pronounced this rock of a most durable character, and considering that its price is not more than the Belmont rock it is believed that the results will be most beneficial.

The discussion of street material led up to the proposed improvement of Main and A streets which would involve a bond issue. It was decided to call the citizens to attend a conferrence on the subject this (Thursday) evening at the town hall. The matter of raising money to buy new water mains to replace those that are rusted out and to extend the water system into the adjoining city territory will also be placed before the meeting for discussion.

Ordinance No. 48 limiting the number of liquor licenses to be issued to 25 was adopted and ordered published.

W. J. McGarvey was appointed to expert the books of the officials and to render a report on the town's financial affairs.

The Street Superintendent was directed to report to the board the names of all property owners who had failed to make sewer connections, it being the intention to take decisive action toward the enforcement of the city law in this respect.

The Superintendent was also directed to ascertain the cost of laying a sewer on Ninth street from Arguello to B, a distance of one block, property owners living on that street having expressed a desire to connect.

City Treasurer Towne reported money on hand in the several funds as follows:

General	$2,727.56
Library	436.54
Street Improvement No. 3	277.88
Street Improvement No. 4	290.91

Street Superintendent Dickey rendered the following account of his stewardship for the month which was ordered published to enlighten the taxpayers as to how much time and money are consumed in keeping the city's rotten mains in repair:

June 21st—To making water connections at Cronka's stable.
June 22d—To making water connection at George Beck's residence.
June 23d—To repairing water mains on Mound street.

The Menlo Park Horticultural Society held an important meeting Thursday night and decided to give a flower show on October 21 and 22. The following committee was appointed to prepare a schedule of prizes and make all arrangements for the exhibit: S. Clack, M. Lynch, George Nunn, Andrew McDonald, F. P. Fisher and M. Carter. There is a friendly rivalry among the gardeners in this locality and as a result the show will be one of the best ever seen in the county.

The school trustees have called an election to be held on August 13th to vote a tax to furnish additional facilities. The amount to be raised is $1500. This sum will be expended in putting in new toilets, sewering and painting the building and repairing the fence. A floor in the basement of the building is also contemplated and this is badly needed. These improvements and repairs are necessary to preserve the property. No taxpayer should object to paying the small sum required for the extra tax, which will be only ten cents on the $100. The amount will be provided for, that is if the election carries, at the next levy in September and paid at the two installments in November and April.

The entertainment and dance to be given this evening for the benefit of the Gaelic Lodge booth at the Armory promises to be well attended. The vocal selections by well known artists will be a feature worth hearing, while the recitations and monologues will be of the latest. A well-known colored artist of Palo Alto will stir the large audience with raptures of applause by his latest plantation songs and dances. Five little Gaelic dancers from San Francisco will also be one of the features of the night's fun. Ice cream and cake will be served after the entertainment. I have had occasion to use your Black-Draught Stock and Poultry Medicine and am pleased to say that I never used anything for stock that gave half as good satisfaction. I heartily recommend it to all owners of stock.
J. B. BELSHER, St. Louis, Mo.

Sick stock or poultry should not eat cheap stock food any more than sick persons should expect to be cured by food. When your stock and poultry are sick give them medicine. Don't stuff them with worthless stock foods. Unload the bowels and stir up the torpid liver and the animal will be cured, if it be possible to cure it. Black-Draught Stock and Poultry Medicine unloads the bowels and stirs up the torpid liver. It cures every malady of stock if taken in time. Secure a 25-cent can of Black-Draught Stock and Poultry Medicine and it will pay for itself ten times over. Horses work better. Cows give more milk. Hogs gain flesh. And hens lay more eggs. It solves the problem of making as much blood, flesh and energy as possible out of the smallest amount of food consumed. Buy a can from your dealer.

WHERE TO SPEND VACATION.

Hints Given in Free Book Published by the California Northwestern Railway.

Of course you are going to have a period of rest this year, but, do not decide as to where you will pass this season until after you have read "Vacation 1904." This is a book issued annually by the California Northwestern Railway Company, which gives information regarding the many rest and pleasure resorts to be found on that road. These resorts are numerous enough and varied enough to supply thousands of people with whatever may be needed in the way of relaxation and recreation, and at prices which may suit every one's pocket.

To begin with, there is no prettier part of California than that through which winds the California Northwestern Railway. This is, in itself, a pleasure, and this is enhanced by the splendid equipment of the road and the ceaseless watchfulness, care and unfailing courtesy of the employees.

Aside from the attractive features of the road, the country traversed by it is richly endowed with mineral springs, which restore health and vigor to the ailing; woods and copses in which game abounds, running water and lakes in which swimming and boating may be indulged, and streams from which the trout may be drawn in all its beauty. While enjoying these, people may live in tents, farm houses, or hotels, just as inclination suggests.

Information on all these features is found in "Vacation 1904," which contains over 150 pages, and which is richly illustrated. The cost of maintenance at each place is also given from $7.00 per week upward.

"Vacation 1904" may be had at the offices of the California Northwestern Railway, or by mail, in response to a request addressed to the General Passenger Agent, San Francisco.
